EVANGELIST MAKES STRONG IMPRESSION IN SERMONS

Dr. Butler Preaches first sermon in "Little Brick Church" Revival Tuesday Evening.

Dr. Butler, the former great Detroit Tabernacle Evangelist, preached his first sermon Tuesday night to a full house. The stewards are planning to get chairs and make small changes in order to accommodate a larger number of people.

His first sermon was refreshing, and encouraging. He took for his text the 14th verse of the 48th Psalm, touching in the course of his discourse the great omnipresence of God, taking great care to hold out the personality of God as opposed to the pantheistic conception. Then for a time he brought out in a vivid way the unchangeableness of God, his immutability. He said that surely a church in God's business as long as the "Little Brick Church" has been has seen times of refreshing from God, and that God being the same yesterday, today and forever, could again revive his people in the application of his sermon he showed how that He was our God on the condition of our acceptance of Him.

The revival is taking on new interest now many are becoming interested but we must not make the mistake of "putting off" things until the last day. We must pray today! Don't say tomorrow.

DISTRICT CONVENTION OF SUNDAY SCHOOLS FRIDAY

Sunday Schools of Maysville District Will Hold Meeting Here Next Friday Evening.

Every member of every Sunday school that is interested in the forward movement for better schools is invited and urged to attend the Maysville district convention in the First M. E. Church, South, Friday at 7:30 p. m.

This is not a denominational convention but is held under the direction of the Mason County Sunday School Association of which every school of every denomination is a part. Mrs. R. P. Moody, president, and Miss Anna Shackelford, secretary, of this district, have arranged a splendid program, one that will be of real help and inspiration to every interested Sunday school worker. Let every superintendent take notice and see that his officers and teachers and workers of all kinds are present. Superintendents will also see to it that some member of their school is ready to respond to the roll call of the schools with a short report from their school. As is customary in all district conventions a count will be taken of the number of school represented and the number of representatives from each school. It will be another item to the credit of the Sunday School Association if every school is represented. The following is an outline of the program:

7:30 p. m. — Devotional period led by the president.
Roll call of the schools with reports from same.

"The Worker's Council," Miss Hilda Threlkeld, superintendent of First M. E. Church, South, school.

"Outline of Plans for Teacher-training Week," Prof. H. S. Calkins, superintendent of educational division, Mason County Sunday School Association.

The State Sunday School Convention, J. H. Richardson, county president.

NEW RICHMOND MEN SEARCH FOR MISSING KIN

Clermont County, Ohio, Man, Missing Since June, Thought to Be In Kentucky.

Lexington, Ky., Sept. 20. — Howard, John and Harry Jackson, three brothers, and James Evanshine, a brother-in-law, all of Clermont county, southern Ohio, are in Lexington today in search of information that might lead to the whereabouts of their brother, James R. Jackson, 46 years old, a widower, handy man on a farm, who has not been heard from since June 1.

The only clue they have upon which they are working is that a man named Charles R. Jackson, answering to the description of the brother, said to be of Owen county and previously of southern Ohio, was found dead in a tobacco field several weeks ago. The men learned this at Owen, where their brother worked for several months. W. Bentley, Owen county farmer, by whom Jackson was employed, read in the paper that a man named Charles R. Jackson had dropped dead and concluded it might be his former employee.

The brothers say that efforts to find the lost brother in Owen county have proved fruitless. They returned to their homes at New Richmond and then motored to Lexington to continue the search.

Neither the police, county officers nor the coroner have records of the man's death and an examination of the newspaper files in the city failed to give any information.

On August 15 a man named Stephen Carroll, of Pendleton county, was found dead in a field near Greendale station, this county, and the body was sent to Owen county by Coroner John Anglin for burial. This case is thought to be the one seen by the Owen county people.

VIOX TO COACH LEXINGTON CLUB.

Jess Morton, of the Lexington Studebakers announced Tuesday night that he had secured the services of Jimmy Viox as coach for the Lexington ball team. Viox returned from Portsmouth last week where he managed the Portsmouth club in the Virginia league. While managing the Portsmouth club for the last three years, he has won two pennants and finished third this year.

Joe McCarty of the Louisville Colonels bought Viox last week and the former member of the Lexington club in the old Blue Grass League who went from the Colts to Pittsburgh, will be seen in a "Colonel's" uniform next year. The addition of Viox to the Studebakers' payroll will add considerably and will probably help the Lexington team's chances in annexing the Blue Grass League pennant—Lexington Herald.

GREAT PICTURE OF REAL HOME LIFE THURSDAY NIGHT

People of Maysville Given Opportunity To See "The Old Nest" on Next Thursday and Friday.

When "The Old Nest" comes to the Washington Theater on Thursday and Friday, the people of Maysville will have a chance to see a picture that has been hailed by critics and reviewers as the most satisfying all-American picture that has yet been produced. The theme, that of a mother who sees her six children leave her, one by one, is common to American families. All the pignancy of feeling that these leave-taking arouse in real life have been caught on the screen.

Rupert Hughes is the author of this unusual tale of mother love. He has sought to present a cross-section of a universal theme as applied to an American family. All the joys and sorrows connected with raising a family have been dramatized. Each of the children grow to manhood or womanhood with his own individual interests, then leaves the old nest to follow the call of his desires. Only their mother is left in her loneliness and her memories. But as in every American family, the young remember the old nest and return to it.

The picture was produced by Goldwyn and was directed by Reginald Barker. Mary Alden plays the old mother, and her performance has been said to be a masterpiece of screen acting.

TARIFF ADOPTED; BONUS VETOED BY PRESIDENT HARDING

Senate Passes the Republican Tariff To President as He Sends Back Bonus Bill With His Veto.

Washington, Sept. 20. — Final legislation on the tariff act of 1922 was taken Tuesday with adoption of the conference report by the Senate. The measure now goes to President Harding and will become effective the day after he signs it. Under the law he has ten days in which to attach his signature.

The Senate vote was 43 to 28, and came exactly one year, eight months and thirteen days after work was started on what will be the first Republican protective tariff law in nearly ten years.

Five Republicans voted against the conference report and two Democrats, supported it. Three Republicans, Cameron, Cummins and Lenroot, who voted for the bill as amended in the Senate, opposed it in the forms it came from the conference.

Washington, Sept. 20. — The soldiers bonus bill was vetoed Tuesday by President Harding.

In returning the measure to Congress without his approval, the executive declared that he was in accord with the avowed purpose of the bill but that he could not subscribe to its provisions.

Outlining the reasons for his veto the president said that Congress had failed, first of all, to provide the revenue from which the bestowal was to be paid. He added that the ultimate cost could not be estimated definitely but that the treasury figured the total at \$750,000,000 for the first four years with a final charge in excess of \$4,000,000,000.
